## Work Experience

○ Beside of studies Jun 2016 – now

### SM Creative AB (Gothenburg)

Self-employed / sharpmind.se

Co-founder of a student-driven digital agency. We develop websites and mobile apps both for our own customers and also as sub contractor for larger agencies.

○ Beside of studies Nov 2014 - Jun 2016 / summer 2015

### Find1 AB (remotely, Stockholm)

Web developer

Full-stack web development, mainly with WordPress. During my time at Find1 I worked for various Swedish companies such as Mecenat, Transportföretagen and Vadstena Klosterhotell.

The company filed for bankruptcy Sep 2016.

○ Various summer internships / beside of studies, 2010-2014

Miss Andersson (Dishwasher), Vida Arena (Bartender), Self Omninutrition (Athlete)

### Interests

Business & entrepreneurship, IT, Design, Sustainability

### Proficiency in

HTML, CSS, PHP, WordPress, JavaScript, Sketch, Photoshop, Angular, LESS, SASS, Java / OOP, Git, Ionic, MySQL, TypeScript, Scrum, React...

## Education

○ 2018 - now (expected graduation 2020)

### KTH Royal Institute of Technology

Interactive Media Technology  
Master's programme, 120 hp

○ 2017 - 2018

### Zhejiang University (Exchange studies)

Courses in business culture, mandarin and chinese culture.

○ 2015 - 2018

### Chalmers / Gothenburg University

Software Engineering and Management Bachelor's programme (International), 180 hp

Cumulative GPA: 3.84 / 4.0

## Other projects and qualifications

### Co-founder, Smultron

Developed a mobile application 2016 called Smultron, an alternative for Tinder, but for trips. Part of "Gothenburg startup hack".

### Co-founder, Dagens Växjö

Between 2013 and 2014 I co-founded a "youth company". We developed a mobile application for iOS and Android...
